Program in **emergency medicine** or equivalent training.

AND

Current certification or active participation in the examination
Process leading to certification in **emergency medicine** by Equivalent training/board.

Clinical privileges

Request <input type="checkbox"/>	Procedures	Service Chief Rec <input type="checkbox"/>
General		
<input checked="" type="checkbox"/>	Initial evaluation and treatment of medical illnesses.	<input checked="" type="checkbox"/>
<input checked="" type="checkbox"/>	Initial evaluation and treatment of pediatric illnesses	<input checked="" type="checkbox"/>
<input checked="" type="checkbox"/>	Initial evaluation and treatment of traumatic injuries, including major burns for adult and pediatric	<input checked="" type="checkbox"/>
<input checked="" type="checkbox"/>	Initial evaluation and treatment of gynecological illnesses	<input checked="" type="checkbox"/>
<input checked="" type="checkbox"/>	Initial evaluation and treatment of gynecological illnesses	<input checked="" type="checkbox"/>
<input checked="" type="checkbox"/>	Emergency vaginal delivery	<input checked="" type="checkbox"/>
<input checked="" type="checkbox"/>	Initial evaluation and treatment of ophthalmologic conditions	<input checked="" type="checkbox"/>
<input checked="" type="checkbox"/>	Initial evaluation and treatment of psychiatric conditions	<input checked="" type="checkbox"/>
<input checked="" type="checkbox"/>	Initial evaluation and treatment of surgical conditions	<input checked="" type="checkbox"/>
<input checked="" type="checkbox"/>	Initial evaluation and treatment of environmental injuries and illnesses	<input checked="" type="checkbox"/>
<input checked="" type="checkbox"/>	Initial evaluation and treatment of poisoning, overdose and toxic exposure	<input checked="" type="checkbox"/>
<input checked="" type="checkbox"/>	Management of cardiac arrest, including but not limited to ACLS	<input checked="" type="checkbox"/>
<input checked="" type="checkbox"/>	Initial resuscitation and treatment of the multiple trauma patient, including but not limited to ACLS medical and surgical for pediatrics and adults	<input checked="" type="checkbox"/>
<input checked="" type="checkbox"/>	Incision and drainage, simple abscess	<input checked="" type="checkbox"/>
<input checked="" type="checkbox"/>	Drainage of hematoma	<input checked="" type="checkbox"/>
<input checked="" type="checkbox"/>	Removal of superficial foreign body	<input checked="" type="checkbox"/>
<input checked="" type="checkbox"/>	Routine care of simple wound including repair of laceration, wound debridement, wound bandaging and dressing	<input checked="" type="checkbox"/>
<input checked="" type="checkbox"/>	Initial care of complex wound including repair of laceration, wound debridement, wound bandaging and dressing	<input checked="" type="checkbox"/>
<input checked="" type="checkbox"/>	Management of simple hand injuries and infections	<input checked="" type="checkbox"/>
<input checked="" type="checkbox"/>	Emergency ultrasound (E-FAST scan, Hepatobiliary, , IVC and Aorta, Cardiac, Lung , Kidney and Urinary bladder, pneumothorax and hemothorax and Ultrasound assisted bedside procedures) and initial interpretation of radiographic studies including X-ray and CT scan	<input checked="" type="checkbox"/>
<input checked="" type="checkbox"/>	Emergency treatment of shock	<input checked="" type="checkbox"/>
Orthopedic		
<input checked="" type="checkbox"/>	Arthrocentesis of the ankle, elbow, knee, shoulder and wrist joints	<input checked="" type="checkbox"/>
<input checked="" type="checkbox"/>	Injection of tendon sheaths, bursa and trigger points including ileolumbar ligament	<input checked="" type="checkbox"/>
<input checked="" type="checkbox"/>	Initial care of simple undisplaced fractures	<input checked="" type="checkbox"/>
<input checked="" type="checkbox"/>	Simple extremity immobilization techniques using plaster or splints	<input checked="" type="checkbox"/>
<input checked="" type="checkbox"/>	Reduction of dislocations and fractures to include phalanges, radial heads, shoulders, mandibles, elbow, knee, hip and ankle	<input checked="" type="checkbox"/>
<input checked="" type="checkbox"/>	Reduction of displaced fracture and management of Phalanges, Metacarpal, Metatarsal, Ribs and clavicle	<input checked="" type="checkbox"/>

<input checked="" type="checkbox"/>	Nail removal and trephination	<input checked="" type="checkbox"/>
<input checked="" type="checkbox"/>	Repair of extensor tendon laceration	<input checked="" type="checkbox"/>
<input checked="" type="checkbox"/>	Repair of nail bed lacerations	<input checked="" type="checkbox"/>
CNS		
<input checked="" type="checkbox"/>	Lumbar puncture for pediatric and adult with or without U/S guidance	<input checked="" type="checkbox"/>
<input checked="" type="checkbox"/>	Application of rigid cervical collar for cervical spine immobilization	<input checked="" type="checkbox"/>
<input checked="" type="checkbox"/>	Initial treatment of known or suspected elevation of ICP with intubation and hyperventilation	<input checked="" type="checkbox"/>
Ophthalmology		
<input checked="" type="checkbox"/>	Use of slit lamp for routine eye examination and foreign body removal	<input checked="" type="checkbox"/>
<input checked="" type="checkbox"/>	Removal of superficial foreign body of cornea or conjunctive and eyelid	<input checked="" type="checkbox"/>
<input checked="" type="checkbox"/>	Use of fluorescein and cobalt blue light to detect corneal abrasion	<input checked="" type="checkbox"/>
<input checked="" type="checkbox"/>	Application of eye patch; use of Schiottz tonometer	<input checked="" type="checkbox"/>
<input checked="" type="checkbox"/>	Initial pharmacologic treatment of acute angle closure glaucoma	<input checked="" type="checkbox"/>
Ear Nose and Throat		
<input checked="" type="checkbox"/>	Routine care of epistaxis to include chemical cautery and anterior packing	<input checked="" type="checkbox"/>
<input checked="" type="checkbox"/>	Removal of foreign body from ear canal or nose or throat	<input checked="" type="checkbox"/>
<input checked="" type="checkbox"/>	Insertion of ear wick	<input checked="" type="checkbox"/>
<input checked="" type="checkbox"/>	Replacement of dislodged tracheostomy tube	<input checked="" type="checkbox"/>
<input checked="" type="checkbox"/>	Management of uncontrolled epistaxis to include posterior packing	<input checked="" type="checkbox"/>
<input checked="" type="checkbox"/>	Insertion of epistaxis balloon catheter	<input checked="" type="checkbox"/>
<input checked="" type="checkbox"/>	Fiberoptic Naso-pharyngo-laryngoscopy	<input checked="" type="checkbox"/>
Cardiovascular		
<input checked="" type="checkbox"/>	Arterial puncture with or without U/S guidance	<input checked="" type="checkbox"/>
<input checked="" type="checkbox"/>	Peripheral vein catheterization with or without U/S guidance	<input checked="" type="checkbox"/>
<input checked="" type="checkbox"/>	Central vein catheter placement with or without U/S guidance	<input checked="" type="checkbox"/>
<input checked="" type="checkbox"/>	Intraosseous infusion for adult and pediatric	<input checked="" type="checkbox"/>
<input checked="" type="checkbox"/>	Venous cut down for adult and pediatric	<input checked="" type="checkbox"/>
Thoracic		
<input checked="" type="checkbox"/>	Thoracentesis	<input checked="" type="checkbox"/>
<input checked="" type="checkbox"/>	Thoracostomy tube insertion	<input checked="" type="checkbox"/>
<input checked="" type="checkbox"/>	Use of mechanical ventilator	<input checked="" type="checkbox"/>
<input checked="" type="checkbox"/>	Pericardiocentesis	<input checked="" type="checkbox"/>

Procedure Group: Gastroenterology		
<input checked="" type="checkbox"/>	Anoscopy	<input checked="" type="checkbox"/>
<input checked="" type="checkbox"/>	Foreign body removal	<input checked="" type="checkbox"/>
<input checked="" type="checkbox"/>	Gastric lavage, insertion of nasogastric or orogastric tube	<input checked="" type="checkbox"/>
<input checked="" type="checkbox"/>	Paracentesis	<input checked="" type="checkbox"/>
<input checked="" type="checkbox"/>	Peritoneal lavage	<input checked="" type="checkbox"/>
Procedure Group: Urological		
<input checked="" type="checkbox"/>	Insertion of bladder catheter	<input checked="" type="checkbox"/>
<input checked="" type="checkbox"/>	Suprapubic urine aspiration as management of acute urine retention with difficult urethral catheterization	<input checked="" type="checkbox"/>
Procedure Group: Ob/Gyne		
<input checked="" type="checkbox"/>	Emergency treatment of pre-eclampsia and eclampsia	<input checked="" type="checkbox"/>
<input checked="" type="checkbox"/>	Emergency vaginal delivery	<input checked="" type="checkbox"/>
<input checked="" type="checkbox"/>	Emergency management of severe vaginal bleeding	<input checked="" type="checkbox"/>
<input checked="" type="checkbox"/>	Fetal heart motion via U/S	<input checked="" type="checkbox"/>
<input checked="" type="checkbox"/>	Caesarean section-Peri-Mortem	<input checked="" type="checkbox"/>
Procedure Group: Pediatric and adult regional anesthesia/analgesia		
<input checked="" type="checkbox"/>	Local and nerve block anesthesia including femoral, median, posterior tibial, radial, sciatic and ulnar nerve	<input checked="" type="checkbox"/>
<input checked="" type="checkbox"/>	Procedural sedation	<input checked="" type="checkbox"/>
<input checked="" type="checkbox"/>	Pain management	<input checked="" type="checkbox"/>
<input checked="" type="checkbox"/>	Regional anesthesia	<input checked="" type="checkbox"/>
Procedure Group: Airway		
<input checked="" type="checkbox"/>	Use of oropharyngeal and nasopharyngeal airways for adult and pediatric	<input checked="" type="checkbox"/>
<input checked="" type="checkbox"/>	Endotracheal intubation, oral and nasal for adult and pediatric	<input checked="" type="checkbox"/>
<input checked="" type="checkbox"/>	Percutaneous trans laryngeal ventilation	<input checked="" type="checkbox"/>
<input checked="" type="checkbox"/>	Emergency cricothyroidotomy	<input checked="" type="checkbox"/>
<input checked="" type="checkbox"/>	Use of pharmacological agents as an adjunct to airway management including depolarizing agents	<input checked="" type="checkbox"/>
<input checked="" type="checkbox"/>	Initial ventilator C-pap and Bi-pap management	<input checked="" type="checkbox"/>
<input checked="" type="checkbox"/>	Oxygen therapy	<input checked="" type="checkbox"/>
